Ottawa, November 11, 18-2.

Notice is hereby given, that on Thursdays and Fridays of each week visitors will be at affect on Asylum No visitors admitted on Surlays.

T. C. GIBSON County Agent

A Vegetable Product, only used in Aven's Agun Cune, has proven itself a never failing and rapid cure for every form of Malarial Disorder, Fever and Agne, or Chills and Fever. No injury follows its use, and its effects are permanent. It rouses the system to a condition of vigorous nealth, cleanses the blood of malariapoison, and imparts a feeling of com ort and security most desirable in Ague districts. It is an excellent tonic and preventative, as well as cure, or all complaints peculiar to malarious marshy and miasmatic regions. The great superiority of Aven's Ague Curr over any other compound is that it

never had the disease. The direct action of AYER'S AQUI-JURE upon the Liver and Digestive Organs makes it a superior remedy for Liver Complaints, producing many cemarkable cures, where other medi sines have failed.

contains no Quinine, Arsenic, or min

Healthy Homes.

Robert Rawlinson, C. H. London,

The subsoil within every basement tained within house basements. The After she had gone I kept thinkin' phenomenal soberness (apparent) at about that bunnit. Here was a chance where I could git ahead of Miss Wilson.

After she had gone I kept thinkin' phenomenal soberness (apparent) at such times is proverbial. I heard a story yesterday in illustration of it.

One New-Year's Day Bennett arrived channels should be in good order, and there should be rigid cleanliness. Insproperly keeping pigs has caused much more human sickness and destroyed more life than all the battles the country has been over engaged in. Garden plats should, of course, be in order, and be properly cultivated.

Many houses, from the mansion to the cottage, are unwholesome for some

Damp and unventilated basins: cesspools and foul drains within the basement; rotten timbers in floors and skirtings, and tainted wall-papers; kitchen sinks in improper places, and unventilated; water-closets in improper places, and unventilated: rooms without adequate means of ventilation; water eisterns and pumps in improper places, supplying contaminated water. These defects should be remedied by landlords.

Houses are also unwholesome from accumulated dirt, carelessness and personal neglect. As when: Rooms are not sufficiently cleansed; carnets are left down too long and never swept. windows are seldom opened; water-closets are dirty, neglected, and without ventilation; dirty beds are unmade and shrouded by dirty hangings; dirty warddusted.

There are points of construction to be and I thought my bunnit must be very becomin' for John to take so much notice of it.

"How much did I give you, Peter?"

"Eight hundred dollars, sir.

The position was a delivate one, but of those who may, at some time or other. of those who may, at some time or other, build conages or small houses, or be in communication with those who debuild, or are going to do so.

No Whiskey!

Brown's Iron BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

Brown's Iron Bitters is guaranteed to be a nonintoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the American Christian Review, says of Brown's Iron

Cin., O., Nov. 16, 1881. Gents:-The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

Brown's Iron Bitters has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.
